KALEIDOSCOPE COLLECTION

Make Recycling Colorful

Remember the awe you felt looking through a Kaleidoscope when you were young? You knew you would never see the same pattern or colors twice and each look guaranteed an optical thrill. This uniqueness is behind the inspiration for Ex-Cell's Kaleidoscope Collection.

Since 2009, the original Kaleidoscope Collection remains one of our best-selling collections. Popular not only because of the quality that Ex-Cell Kaiser is known for, but also because this extremely affordable collection is bright, bold and fully customizable.

With its vibrant primary colors and crisp, clear graphics, no two customers see the Kaleidoscope Collection the same way. Why? Because every customer "designs" their own recycling station to meet the specific needs of their facility.

These modular units are available in 4 basic shapes and capacities. With 120 stock options and hundreds of customization combinations, your Kaleidoscope will be uniquely suited to your facility. If that's not enough customization for you, take it to the next level with custom colors, signage and/or a logo.

Experience why thousands of facilities across the country rely on the original Kaleidoscope to meet their recycling and trash needs – design your custom station today!

As a result of our commitment to continuous improvements, occasionally minor changes may be made to our products without advance notice. Such changes are minor and have no effect on the form, fit and function of a product but may result in a minor cosmetic difference. Ex-Cell Kaiser will never mix any products that may have modifications within a single order. Our website will always reflect the most current product image.
